Subject: Presbyterian Is Offering New Vision Benefits to Medicare Advantage HMO Members in 2022

Dear Provider,

Presbyterian Health Plan, Inc. (Presbyterian) is pleased to announce a new vision benefit for Presbyterian Senior Care (HMO) members in 2022. This new benefit will help ensure members have access to the care and services they need to live their healthiest lives.

Effective Jan. 1, 2022, Presbyterian will cover up to \$250 in vision hardware for Presbyterian Senior Care (HMO) members who seek services from Presbyterian in-network providers; however, please note this benefit will not apply to employer-sponsored Medicare Advantage plans or MediCare PPO plans. Vision hardware includes frames, lenses and contacts.

If your office is currently contracted to provide optometry services, then you may now bill for vision hardware. Presbyterian Centennial Care and Presbyterian Dual Plus members will continue to use Versant Health for their vision services.

To verify a member's benefit plan, please log into the myPRES Provider Portal. For questions about member benefits, please contact the Presbyterian Customer Service Center using the phone number listed on the back of the member's insurance card.

If you have any questions about this communication, then please contact your Provider Network Operations relationship executive. You can find their contact information on the back of this page or in the contact guide available at www.phs.org/ContactGuide.

As always, thank you for partnering with us to improve the health of the patients, members, and communities we serve.

Healthy regards,

Presbyterian Provider Network Operations
