How to Use this Guide

This guide lists the physical health, behavioral health, pharmacy, and imaging services that require a prior authorization.

Note that for pharmacy, formularies are categorized as:

- Large Group Plans, including ASO¹ Plans
- Health Insurance Exchange Metal Level Plans, which include Small Group and Individual Plans

Search for the service you are looking for based on your insurance plan type. If you are not sure about your insurance plan type, call the Presbyterian Customer Service Center at (505) 923-5256.

- ASO
- Commercial²
- Medicaid (Centennial Care)
- Medicare Advantage, including Dual Plus

Criteria:

- For physical health and pharmacy criteria, see the [Presbyterian Medical Policy Manual \(MPM\)](#). Note that we rely on MCG for decisions regarding inpatient admissions. If you would like a copy of these guidelines, call the Presbyterian Customer Service Center at (505) 923-5256.
- For a copy of the guidelines for behavior health and advanced imaging and spinal surgery service, call the Presbyterian Customer Service Center at (505) 923-5256.

Disclaimers:

Prior authorization approval does not guarantee payment. Coverage determinations and payment of claims depend upon eligibility, covered benefits, provider contracts, and correct coding/billing practices. Cosmetic surgery that is solely for cosmetic purposes and not for medical necessity and experimental or investigational services is not a covered benefit.

Prior authorization approval does not relieve the provider of responsibility to follow all applicable rules regarding provision of services. This Prior Authorization Guide does not indicate coverage of benefits. Coverage is determined by the member's benefit plan.

¹ The ASO category includes administrative services only insurance plans, including the Federal Employee Health Benefit plan.

² The Commercial category includes fully-funded employer insurance plans for small and large groups, individual insurance plans, and insurance plans on the NM Health Insurance Exchange (beWellnm). Insurance plans managed by the Interagency Benefits Advisory Committee (IBAC) are included in this category.
