Subject: Information on Metabolic Monitoring for Children and Adolescents on Antipsychotics

Dear Provider,

As staff and caseworkers in treatment foster care and residential treatment centers, you play an essential role in ensuring the youngest members of Presbyterian Health Plan, Inc. and Presbyterian Insurance Company, Inc. (Presbyterian) receive the care they need.

To support you in treating children and adolescents prescribed antipsychotics, we are sharing the enclosed flyer covering potential side effects associated with these medications and the need for regular metabolic monitoring. This flyer can also be accessed at the following link:

https://onbaseext.phs.org/PEL/DisplayDocument?ContentID=OB_00000008464.

Thank you for caring for our members and improving the health of the communities we serve. If you have any questions, please contact your Provider Network Operations relationship executive. Their contact information can be found in our contact guide located at www.phs.org/ContactGuide.

If you would like to receive communications like this via email, then please sign up to receive electronic communications from Presbyterian by filling out and submitting the registration form that is available at the following link: www.phs.org/providers/contact-us/news-and-communications/Pages/enews-registration.aspx.

Healthy regards,

Presbyterian Provider Network Operations
