Continuum Value-Based Program

Presbyterian's Continuum Value-Based Program (VBP) is an incentive program that is focused on creating a core engagement support team for Presbyterian Dual Plus (HMO D-SNP) members. Beginning with scheduling annual wellness visits, participating providers will receive incentive payments for time spent improving health outcomes for Dual Plus patients.

Provider Resources:

- For more information on the visit process for members and how to receive incentives, view the [Continuum training presentation](#).
- Additional information is available in the Centers for Medicare and Medicaid Services (CMS) [Chronic Care Management Services](#) and [Medicare Wellness Visits](#) educational documents.
- For questions, [email](#) Presbyterian's Performance Improvement department or call (505) 923-5017.

Continuum Incentive Codes

Providers who participate in the Continuum program can earn up to \$715 in incentives by submitting the following codes when patients complete wellness visits and Interdisciplinary Care Team (ICT) meetings.

G0402 or G0438: Initial Medicare wellness visit (in first 12 months, one/lifetime)

G0468: Specific to Federally Qualified Health Centers (FQHC)

G0439: Any subsequent annual wellness visit as appropriate

99387: Initial Medicare visit for patients aged 65+ (in first 12 months, one/lifetime)

99395: Subsequent Medicare visits for patients aged 18-39

99396: Subsequent Medicare visits for patients aged 40-64

99397: Subsequent Medicare visits for patients aged 65+

**99487 (60 minutes),
99489 (30 minutes):**
Completed ICT meetings.

99490 (20 minutes):
Office staff assisted in ICT meeting.
