PLAINS REGIONAL MEDICAL CENTER REPORT TO THE COMMUNITY 2025

WHO WE ARE

Plains Regional Medical Center (PRMC) is an acute-care hospital in Clovis that has been owned and operated by nonprofit Presbyterian Healthcare Services since 1975. The hospital has a long tradition of delivering patient care to Clovis, eastern New Mexico, West Texas and Curry County. In our hospital and clinic practices, we offer a wide range of medical specialties.

OUR SERVICES

At PRMC, the following medical specialties are offered by Presbyterian Medical Group: family medicine, internal medicine, bariatric surgery, behavioral health, same-day care clinic, cardiology, diabetes education, family medicine skin care, gastroenterology, general surgery, hematology and oncology, infusion services, nephrology, obstetrics and gynecology, orthopedics and orthopedic surgery, pediatrics, podiatry, pulmonology, radiation oncology, and urology.

CARING FOR OUR COMMUNITY

As a community-based healthcare provider, our focus is to provide safe, compassionate and equitable care that keeps our patients and members healthy. In 2025:

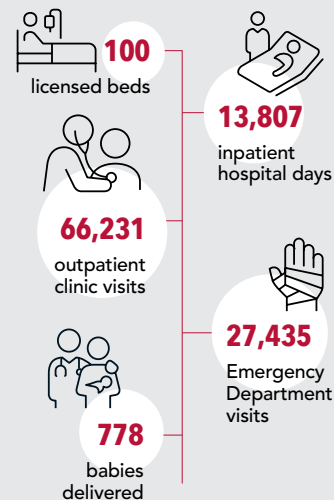

- PRMC initiated an interventional cardiology program that includes a cardiac catheterization lab where cardiologists open blocked arteries in the heart, neck or extremities.
- Offered a new full-time radiation oncology program focusing on radiation therapy, tumor management, and cancer treatment, including High Dose Rate brachytherapy, a highly targeted radiation treatment.
- We expanded outpatient behavioral health services by hiring an additional psychologist and psychiatrist.
- We invested \$5M to build and open a new outpatient OB/GYN clinic that expanded from 9 to 24 exam rooms, strengthening partnerships with Perinatal Associates of New Mexico for high-risk obstetrics and expanding options for expectant families in the area and on Cannon Air Force Base.
- We updated our MRI to provide more advanced technology to our community.
- PRMC provided more than \$18,000 to 7 community partners in Curry and Roosevelt counties supporting causes that include: healthcare access and awareness, prenatal and maternal health, behavioral health support and economic and community development.

COMMUNITY OVERSIGHT

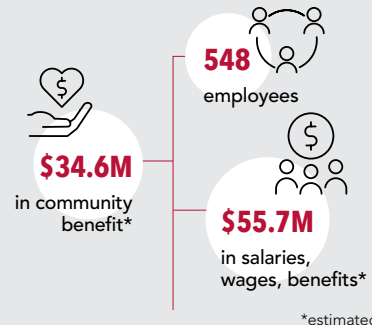

PRMC is overseen by a Board of Trustees made up of these community members, along with Bill Priest, our hospital chief executive:
