SUMMARY OF BENEFITS

January 1 – December 31, 2026

SUMMARY OF NEW MEXICO MEDICARE/MEDICAID BENEFITS

Your state Medicaid program is called Turquoise Care.

A person who is entitled to both Medicare and medical assistance from a State Medicaid plan is considered a dual eligible. As a dual eligible beneficiary your services are paid first by Medicare and then by Medicaid.

Benefit Coverage

Turquoise Care provides a comprehensive package of services that includes behavioral health, physical health, and long-term care services and supports (LTSS). Members meeting a Nursing Facility Level of Care (NF LOC) are able to access LTSS through Community Benefit (CB) services (i.e., home- and community-based services) without a waiver slot. The CB is available through Agency-Based Community Benefit (ABCB) services (services provided by a provider agency) and Self-Directed Community Benefit (SDCB) services (services that a participant can control and direct). Individuals under age 21 who are enrolled in Medicaid or the Children's Health Insurance Program (CHIP) receive Early and Periodic Screening, Diagnosis and Treatment (EPSDT) services.

Under Turquoise Care today, most adults who are enrolled in the Medicaid Expansion category receive services under an Alternative Benefit Plan (ABP). The ABP is a comprehensive benefit package that covers all services that are defined under the Patient Protection and Affordable Care Act (ACA) as "essential health benefits," as well as adult dental services. Turquoise Care proposes to redesign the ABP into a single, comprehensive adult benefit package that would cover both the Medicaid Expansion Category as well as Medicaid adults in the Parent/Caretaker category. The state proposes adding a limited vision benefit to the ABP, and waiving EPSDT services for 19-20-year-olds who are covered under the Adult Expansion or Parent/Caretaker categories. Adults who are considered "medically frail" are exempt from the ABP and may receive the standard Medicaid benefit package, including access to CB services and nursing facility care for individuals who meet the NF LOC criteria. If you are currently entitled to receive full Medicaid benefits, please see your Medicaid member handbook or other state Medicaid documents for full details on your Medicaid benefits, limitations, restrictions, and exclusions.
