Reminder: 2025-2026 Presbyterian Dual Plus Training Is Available and Required

Presbyterian Health Plan, Inc. and Presbyterian Insurance Company, Inc. (Presbyterian) are committed to notifying providers of required annual trainings. We would like to take this opportunity to remind providers that the 2024-2025 Presbyterian Dual Plus (HMO D-SNP) training module is available, and we encourage providers who have not completed this training to do so as soon as possible.

Presbyterian Dual Plus is designed to meet the medical, behavioral and long-term care needs of eligible members. Contracted providers who render services to Presbyterian Dual Plus members are **required** to complete Presbyterian Dual Plus training annually.

The self-guided, online training module is available at **phppn.org**. The training takes about 30 minutes to finish and requires providers to attest to completion. Please note that office staff **cannot** take the training on behalf of providers.

If providers have any questions about the Presbyterian Dual Plus training, they can contact their Provider Network Operations relationship team using the information below. As always, thank you for your commitment to improving the health of the patients, members and communities we serve.
