

Presbyterian Healthcare Foundation *At-A-Glance*

MISSION

Improving health through philanthropy.

WHO WE ARE

Founded in 1968, Presbyterian Healthcare Foundation (PHF) is the charitable giving arm of Presbyterian Healthcare Services (PHS) and one of the first 100 hospital-affiliated foundations in the United States.

As a 501(c)(3) nonprofit organization, the Foundation raises and stewards charitable gifts that support Presbyterian Healthcare Services and the communities it serves throughout New Mexico. In 2025, the Foundation raised \$10.2 million.

WHY DONORS CHOOSE US

- Gifts remain local and directly benefit patients, caregivers and communities across New Mexico.
- Gifts support improved healthcare access and excellence in healthcare delivery.
- 100% of every donation supports donor-designated priorities.

OUR PHILANTHROPIC PRIORITIES

Education

Supporting degree and certification programs for nurses and other healthcare professionals who care for patients.

Patient Assistance

Helping patients overcome barriers to care through transportation assistance, lodging support and other essential resources.

Equipment & Facilities

Funding innovative medical equipment, specialty care environments and building projects that improve access and outcomes.

Programs

Investing in community health initiatives such as food Is medicine and other programs that address social drivers of health.

YOUR IMPACT IN ACTION

A gift can help:

- A nurse earn an advanced certification.
- A patient get transportation to a lifesaving appointment.
- A family find temporary lodging during treatment.
- Expand specialty care through projects such as hybrid operating rooms and neuroscience intensive care units.
- Address food insecurity through community health programs.
