

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 1 of 157

<b>SCOPE:</b>	
---------------	--

This Financial Assistance Policy applies to all Presbyterian Healthcare Services (Presbyterian) hospitals listed on [Appendix A](#) hereto, including inpatient, outpatient and home health care services, and ambulatory care clinics.

<b>PURPOSE:</b>	
-----------------	--

As part of its purpose, Presbyterian endeavors to ensure that the financial capacity of people who need healthcare services does not prevent them from seeking or receiving needed medical care. To that end, Presbyterian provides emergency and other medically necessary care free or at a discount if a patient is unable to pay. This policy defines the process that will be used to determine whether any Presbyterian patient, whether uninsured or underinsured, is eligible for full or partial financial assistance.

<b>POLICY:</b>	
----------------	--

Presbyterian is committed to providing services at no charge or at a discount, based upon financial need, as a community benefit to persons who are uninsured, underinsured, ineligible for government programs, or otherwise unable to pay for emergency or other medically necessary care. Presbyterian is dedicated to assisting and counseling patients in managing the financial aspects of the care they receive from Presbyterian, and to sustaining Presbyterian's financial viability and its readiness to fulfill its commitment to improve the health of individuals, families and communities.

Financial assistance is available only to persons who are unable to pay for their care and are uninsured or underinsured and ineligible for current enrollment in or additional support from government programs or other third-party coverage. Patients are expected to complete the process for obtaining financial assistance or other forms of payment and to contribute to the cost of their care based on their individual ability to pay. Individuals with the financial capacity to purchase health insurance shall be encouraged to do so as a means of assuring access to health care services for their overall personal health and for the protection of their individual assets. Refusal to purchase or enroll in a health insurance program by an individual who is able to do so may disqualify that individual from receiving financial assistance from Presbyterian.

This Financial Assistance Policy applies to all emergency and other medically necessary care provided by the Presbyterian hospitals listed on [Appendix A](#) (and other Presbyterian facilities), as well as physicians employed by Presbyterian (PMG Physicians). Presbyterian cannot, through this policy, assist any patient in paying for services provided by an independent provider or practitioner, even if those services are provided in one of Presbyterian's hospitals or other facilities. Attached to this policy is a current list of providers delivering care in Presbyterian facilities that specifies which providers are covered by this policy and which are not.

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 2 of 157

In order to manage our resources responsibly and to allow Presbyterian to provide the appropriate level of assistance to persons in need, the following guidelines are established for the provision of financial assistance.

<b>PROCEDURE:</b>
-------------------

- A. **Commitment to Provide Emergency Medical Care.** Presbyterian provides, without discrimination, care for emergency medical conditions to individuals regardless of whether they are eligible for assistance under this Financial Assistance Policy. Presbyterian will not engage in actions that discourage individuals from seeking emergency medical care, such as by demanding that emergency department patients pay before receiving treatment for emergency medical conditions or by permitting debt collection activities that interfere with the provision, without discrimination, of emergency medical care. Emergency medical services, including emergency transfers, pursuant to EMTALA, are provided to all Presbyterian patients in a non-discriminatory manner, pursuant to each hospital's respective EMTALA policy.
- B. **Services Eligible under this Policy.** For purposes of this policy, "financial assistance" refers to the support provided to patients in paying for healthcare services through the provision of free or discounted care. Services eligible for financial assistance include only those provided by Presbyterian to qualifying patients. The following healthcare services are eligible for financial assistance:
1. Emergency medical services provided in an emergency room setting;
  2. Services for a condition which, if not promptly treated, would lead to an adverse change in the health status of an individual;
  3. Non-elective services provided in response to life-threatening circumstances in a non-emergency room setting; and
  4. Medically necessary services, i.e., appropriate or necessary services as determined by a Provider/Practitioner, which are provided according to generally accepted principles of good medical practice, are not experimental, and are provided for the diagnosis or direct care and treatment of an illness, injury, or medical condition, and are not services provided only as a convenience. Services such as Cosmetic, Bariatric, and Oral Maxillofacial are generally excluded from financial assistance eligibility but in rare circumstances may be related to medically necessary and emergent procedures and will be evaluated on case by case basis when such circumstances are present.

Not all providers are covered by this policy. Some providers and practitioners who perform services in Presbyterian facilities or for Presbyterian patients are independent and are not subject to this policy. Presbyterian cannot provide financial assistance in paying for services provided by these individuals and companies (See [Appendix B](#)).

- C. **Eligibility for Financial Assistance.** Eligibility for financial assistance will be considered for those individuals who are uninsured, underinsured, ineligible for government programs that would pay for services, or otherwise unable to pay for their care. The term "underinsured"

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 3 of 157

includes individuals enrolled in health insurance who are unable to pay for out-of-pocket expenses and fall below 400% of the federal poverty guidelines.

The granting of financial assistance will be based on an individualized determination of financial need in accordance with this policy, and will not take into account age, gender, race, color, national origin, religion, social or immigrant status, sex, sexual orientation, gender identity, spousal affiliation or physical or mental handicap.

Presbyterian will seek funding from potential third-party payers, including government programs, before providing financial assistance under this policy. In partnership with Presbyterian, individuals must participate in seeking alternative funding and providing information deemed reasonably necessary by Presbyterian for pursuing other funding and processing applications for financial assistance. In addition, in order to receive financial assistance, individuals must apply for or be enrolled (or be in the process of enrolling) in insurance coverage or government programs for which they are eligible and which they are able to afford. Presbyterian will provide assistance to individuals in completing financial assistance applications and enrolling in government programs and insurance options available through the Affordable Care Act for which they are qualified. A failure to comply with these requirements will result in the denial of financial assistance unless an individual is not qualified for these programs. If financial assistance is denied, the individual will need to pay for his or her care.

For uninsured individuals who do not meet the criteria for financial assistance, Presbyterian offers a 30% discount from total billed charges for services, with the exception of lab services provided by Presbyterian, which are offered at a 50% discount.

**Bernalillo County Mill Levy** is a funding source for the provision of indigent care for residents of Bernalillo County. All proceeds from this tax go to the University Of New Mexico Health Sciences Center, including UNM Hospital (UNM). Accordingly, eligible residents of Bernalillo County will be referred to UNM for their care except for emergency treatment or care not available from UNM.

- D. **Applying for Financial Assistance.** Patients may apply for financial assistance by submitting an application on a form provided by Presbyterian (see [Appendix B](#)). In order for Presbyterian to make a determination of eligibility for financial assistance, patients must complete the application and supply all required documentation. Applications, along with a copy of this Financial Assistance Policy and a plain language summary of this policy, may be obtained in the following ways:
1. Online at [www.phs.org](http://www.phs.org).
  2. By contacting a customer service representative at 505-923-6600.
  3. By contacting a financial counselor at a Presbyterian facility (see [Appendix A](#)).
  4. By mail, free of charge, upon request to a customer service representative or a financial counselor.

Patients who meet certain criteria may be presumptively qualified for financial assistance

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 4 of 157

and may not be required to submit a full application. Categories for presumptive eligibility are defined in section F of this policy.

- E. **Patient Financial Assistance Guidelines.** Presbyterian uses the FPG; in effect at the time the application is reviewed, to determine eligibility for financial assistance (see [Appendix D](#)). The FPG, which is published by the US Department of Health and Human Services, is updated annually, effective each year as of the later of March 1<sup>st</sup> or 30 days from the date of publication.

The following criteria is utilized to determine eligibility:

- (i) Patients whose family income is at or below 200% of the FPG are eligible to receive emergency or other medically necessary services at no charge; and
- (ii) Patients whose family income is above 200% but not more than 400% of the FPG are eligible to receive a discount for emergency or other medically necessary services as outlined in the table below:

<b>Gross Wages and Assets as % of Federal Poverty Guidelines</b>	<b>Patient Responsibility (% of Gross Charges)</b>
200% or less	0%
201% to 250%	25%
251% to 400%	50%
401% or greater	100%

Amounts charged to patients who are eligible for assistance will be limited to the **lesser of** the Medicare allowable amount or the sliding scale above.

In other words, if the Gross Charges for a service total \$5,000, a patient who is eligible for a 50% discount would be charged the **lesser of** \$2,500 (the 50% discount) or the Medicare allowable amount.

Patients who do not qualify for financial assistance may request a special case review by the Financial Assistance Committee based on their individual circumstances. These requirements are set forth in section H.

- F. **Presumptive Financial Assistance Eligibility.** In certain cases, individual circumstances justify financial assistance even in the absence of complete documentation and provide a basis for presumptive eligibility. In such cases, Presbyterian may use outside agencies to estimate income in order to determine eligibility or may make a determination based on a patient's enrollment in other assistance programs. Once determined, due to the inherent nature of the presumptive circumstances, the patient will be eligible for 100% write off of the account balance. Criteria for presumptive eligibility include:
1. Participation or enrollment in state-funded prescription programs;

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 5 of 157

2. Patients determined to be homeless;
3. Participation in Women, Infants and Children programs (WIC);
4. Participation in the food stamp program;
5. Subsidized school lunch program eligibility;
6. Low income/subsidized housing is provided as a valid address;
7. Personal bankruptcy;
8. Patient is deceased with no known estate;
9. Account balances remaining after payment has been received and applied from a sole community provider fund;
10. Patients enrolled in limited service Medicaid programs that use a defined family income at or below 200% of the Federal Poverty Guidelines (FPG), specifically, Medicaid for Pregnant Women-Pregnancy Related Services Only or Family Planning Services and EMSA;
11. Patients with non-participating out-of-state Medicaid insurance plans; and
12. Patients identified as having income below 200% of the FPG through access to external sources of information after services have been rendered.
13. Access to Healthcare Crisis (see section G)

The Chief Financial Officer may establish additional criteria for presumptive eligibility. Once established, criteria for presumptive eligibility may not be removed without the consent of the Financial Assistance Committee.

Patients who meet presumptive eligibility criteria may not be required to complete a full application but are required to provide documentation to support their eligibility based on the criteria above.

- G. **Access to Healthcare Crisis.** An Access to Healthcare Crisis must be proclaimed by hospital leadership / approved by the board of directors and attached to this financial assistance policy as an addendum. An Access to Healthcare Crisis may be related to an emergent situation whereby state / federal regulations are modified to meet the immediate healthcare needs of the hospital's community during the Access to Healthcare Crisis. During an Access to Healthcare Crisis Presbyterian may "flex" its financial assistance policy to meet the needs of the community in crisis. These changes will be included in the financial assistance policy as an addendum and will be included in the appendices. Patient discounts related to an Access to Healthcare Crisis may be provided at the time of the crisis, regardless of the date of this policy (as hospital leadership may not be able to react quickly enough to update policy language in order to meet more pressing needs during the Access to Healthcare Crisis).
- H. **Determination of Financial Need.**
1. Financial need will be determined in accordance with procedures that involve an individual assessment of financial need. These procedures include a process in which the patient or the patient's guarantor is required to complete a financial assistance application and supply personal, financial and other information and documentation relevant to verifying family income and making a determination of financial need.

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 6 of 157

Documentation requirements for proving “Family Income” as listed under the “Definitions” section of this policy include:

- a. A completed financial assistance application
- b. Prior year’s tax return(s)
- c. Minimum of two most recent pay stubs

In addition, these requirements are subject to the following:

Presbyterian retains the right to accept equivalent or substitute documentation for any of the items listed above based on an individual’s circumstances.

Presbyterian may also:

- a. Include the use of external publicly available data sources that provide information on a patient’s or a patient’s guarantor’s ability to pay (such as credit scoring) for determination of presumptive financial assistance;
- b. Explore appropriate alternative sources of payment and coverage from public and private payment programs, and assist patients in applying for such programs;

Presbyterian will notify patients of additional information required to complete the financial assistance application in the event they fail to provide all required documentation. Presbyterian will not deny financial assistance for failure to provide documentation not identified in this policy or in the application.

Presbyterian is committed to protecting the confidentiality of its patients. All financial information provided by individuals to Presbyterian through the financial assistance application process will remain confidential and will only be used by Presbyterian for its internal purposes. It will not be used for any other purpose.

- 2. Non-emergent services may be scheduled prior to making a request for financial assistance; however, a determination on the financial assistance application is generally required prior to obtaining services. The need for financial assistance will be re-evaluated at the beginning of each year and at any time additional information relevant to the eligibility of the patient for financial assistance becomes known. The determination may be made at any point in the collection cycle. Financial assistance approved for patients with out-of-network insurance will be approved on a single visit/encounter basis and must be reapplied for each time. There is no guarantee of financial assistance being approved for subsequent visits/encounters as patients are intended to access needed care in their own insurance covered provider network. Please reference the OON Approval Denial Determination Sheet (see [Appendix E](#)) for financial assistance approvals for out-of-network patients.
- 3. Financial assistance will be applied at approved levels to outstanding accounts without respect to date of service.

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 7 of 157

4. Presbyterian's values of clinical and service excellence shall be reflected in the application process, financial need determination and granting of financial assistance. Requests for financial assistance shall be processed promptly; Presbyterian will notify the patient or applicant promptly of any information needed to complete an application that has been submitted and will notify the patient or applicant in writing of its decision within 30 days of receipt of a completed application. Presbyterian will expedite the review of applications submitted prior to the receipt of services.

- I. **Special Case Review.** Patients who do not qualify for financial assistance under sections E and F of this Financial Assistance Policy may request a special case review. Patients who seek a special case review must complete all documentation described in section G and must also provide the following additional documentation:
- a. Minimum of three most recent bank statements for savings and checking accounts
  - b. All outstanding credit card statements
  - c. Documentation of other assets and debt

Presbyterian retains the right to accept equivalent or substitute documentation for any of the items listed above based on the individual's circumstances.

- J. **National Health Services Corps (NHSC) Participation.** Certain Presbyterian clinics participate in the NHSC financial assistance program. Patients who present at these sites, and express an inability to pay, will be required to complete a pre-service screening assessment to determine eligibility. Eligibility will be determined based on income and family size. The process for determining eligibility is documented in a separate NHSC Clinic Financial Assistance Screening – PMG.PDS.200 Policy. Eligible patients will be granted discounts in accordance with the NHSC policy.

- K. **Basis for Calculating Amounts Charged to Patients.** Following a determination of eligibility under this Financial Assistance Policy, a patient eligible for financial assistance will not be charged more for emergency or other medically necessary care than the amounts generally billed to individuals who have insurance covering such care (AGB). Presbyterian uses the Prospective Medicare Method to determine AGB, by using the billing and coding process it would use if the individual were a Medicare fee-for-service beneficiary and setting AGB for the care at the amount it determines Medicare and the Medicare beneficiary together would be expected to pay for the care. Presbyterian does not bill or expect payment of gross/total charges from individuals who qualify for financial assistance under this Financial Assistance Policy.

- L. **Communication of the Financial Assistance Program to Patients and the Public.** Presbyterian makes this policy, application form, and plain language summary of the policy available on its website and in various public locations throughout its facilities (such as emergency rooms and admissions areas), and implements additional measures to widely publicize the policy in communities served. A copy of the plain language summary of this policy is offered to patients as part of the intake or discharge process, and Presbyterian also

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116
<b>CURRENT EFFECTIVE DATE:</b> 01/16/2024	<b>PAGE:</b> 8 of 157

includes a written notice on billing statements to notify recipients about the availability of financial assistance.

Presbyterian accommodates all significant populations that have limited English proficiency by translating this Financial Assistance Policy, application form, and plain language summary of the policy into primary language(s) spoken by such populations.

M. **Actions Taken in the Event of Nonpayment.** The actions that Presbyterian may take in the event of nonpayment are described in a separate Patient Billing and Collections – PFS.PDS.115 Policy. Members of the public may obtain a free copy of this separate policy by contacting a customer service representative, by contacting a financial counselor at a Presbyterian facility, or by mail (free of charge) upon request, by using the contact information set forth in section D above.

N. **Regulatory Requirements.** In implementing this policy, Presbyterian will comply with all federal, state, and local laws, rules, and regulations that may apply to activities conducted pursuant to this policy.

<b>DEFINITIONS:</b>	
---------------------	--

For the purpose of this policy, the terms below are defined as follows:

- **Co-Insurance:** The percentage of covered benefits required to be paid by a participant (after the Deductible, if any, has been met) directly to the hospital or physician professional in connection with healthcare services.
- **Copayment:** The set dollar amount of covered benefits required to be paid by a participant at the time a service is received directly to the hospital or physician professional in connection with healthcare services.
- **Deductible:** The dollar amount required to be paid each calendar year by a participant directly to the hospital or physician professional in connection with healthcare services before health benefits are payable by insurance.
- **EMTALA:** Emergency Medical Treatment and Labor Act.
- **Family:** Using the Census Bureau definition, a group of two or more people who reside together and who are related by birth, marriage, or adoption. According to Internal Revenue Service rules, if the patient claims someone as a dependent on their income tax return, they may be considered a dependent for purposes of the provision of financial assistance.
- **Family Income:** Family Income is the income of all members 15 years old and over in a family, summed and treated as a single amount, as defined by the Census Bureau, including pre-tax earnings, unemployment compensation, workers' compensation, Social Security, Supplemental Security Income, public assistance, veterans' payments, survivor

<b>TITLE:</b> Financial Assistance	<b>REFERENCE NUMBER:</b> PFS.PDS.116

benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources. Noncash benefits (such as food stamps and housing subsidies) are not included. Earned income of a dependent child will be excluded if it does not exceed \$5,450 annually.

- **Financial Assistance:** the support provided to patients in paying for healthcare services through the provision of free or discounted care. Services eligible for financial assistance include only those provided by Presbyterian to qualifying patients.
- **PDS:** Presbyterian Delivery System, which includes CDS and RDS – [view definition and list of included facilities](#).
- **Uninsured:** The patient has no level of insurance or third party assistance to assist with meeting his/her payment obligations.
- **Underinsured:** The patient has some level of insurance or third-party assistance but still has out-of-pocket expenses that exceed his/her financial abilities.

## APPENDIX B

### PROVIDER LISTING

PRESBYTERIAN HOSPITAL  
PRESBYTERIAN RUST MEDICAL CENTER  
PRESBYTERIAN KASEMAN HOSPITAL  
(Revised 01/01/2024)

The following list identifies providers who do and do not accept Presbyterian's financial assistance policy (FAP). In general, services provided by nurses, physicians and others employed by Presbyterian are covered by Presbyterian's FAP. These include physicians whose badges identify them as part of "Presbyterian Medical Group." Certain services provided in Presbyterian facilities are not provided by Presbyterian employees, but by independent physicians, groups or other entities. In addition, the following departments are NOT staffed by Presbyterian Medical Group physicians and the professional services provided in these departments are not covered by Presbyterian's FAP:

- Anesthesiology
- Radiology
- Pain and Spine
- Newborn Intensive Care
- Perinatal Care

The following groups do accept Presbyterian's FAP:

South Sound Inpatient Physicians, PLLC, dba Sound Physicians of New Mexico, provides services at Rust Medical Center; Sound has agreed to accept the terms of Presbyterian's FAP.

MD Anderson Physicians who work in the MD Anderson Radiation Oncology Treatment Centers at Presbyterian Kaseman Hospital and Presbyterian Rust Medical Center accept the terms of Presbyterian's FAP.

Laboratory Services and Pathology Services provided in Presbyterian facilities are also subject to the terms of the FAP.

***Individual physicians and other practitioners who are not employed by Presbyterian regularly provide surgical and medical care in our hospitals. Services provided by these individuals and groups, such as New Mexico Orthopedics, Pediatrix, and others are not covered by Presbyterian's FAP. Payment arrangements for these services must be made directly with these individuals and group.*** The attached list identifies by name each physician who is authorized to provide care in this facility and indicates by a "yes" or "no" whether or not that physician accepts the terms of Presbyterian's FAP. If you have any questions about whether a physician or other service provider accepts the terms of the FAP, please call (505) 923-6600.

LINCOLN COUNTY MEDICAL CENTER  
RUIDOSO, NEW MEXICO  
(Revised 01/01/2024)

The following list identifies providers who do and do not accept Presbyterian’s financial assistance policy (FAP). In general, services provided by nurses, physicians and others employed by Presbyterian are covered by Presbyterian’s FAP. These include physicians whose badges identify them as part of “Presbyterian Medical Group.” Certain services provided in Presbyterian facilities are not provided by Presbyterian employees, but by independent physicians, groups or other entities. In addition, the following departments are NOT staffed by Presbyterian Medical Group physicians and the professional services provided in these departments are not covered by Presbyterian’s FAP:

- Anesthesiology
- Radiology

The following groups do accept Presbyterian’s FAP:

Services provided by Diamond Healthcare are subject to the terms of the FAP. Laboratory Services and Pathology Services provided in Presbyterian facilities are subject to the terms of the FAP.

**Individual physicians and other practitioners who are not employed by Presbyterian regularly provide surgical and medical care in our hospitals. Services provided by these individuals and groups are not covered by Presbyterian’s FAP. Payment arrangements for these services must be made directly with these individuals and group.** The attached list identifies by name each physician who is authorized to provide care in this facility and indicates by a “yes” or “no” whether or not that physician accepts the terms of Presbyterian’s FAP. If you have any questions about whether a physician or other service provider accepts the terms of the FAP, please call (505) 923-6600.

PLAINS REGIONAL MEDICAL CENTER  
CLOVIS, NEW MEXICO  
(Revised 01/01/2024)

The following list identifies providers who do and do not accept Presbyterian’s financial assistance policy (FAP). In general, services provided by nurses, physicians and others employed by Presbyterian are covered by Presbyterian’s FAP. These include physicians whose badges identify them as part of “Presbyterian Medical Group.” Certain services provided in Presbyterian facilities are not provided by Presbyterian employees, but by independent physicians, groups or other entities. In addition, the following departments are NOT staffed by Presbyterian Medical Group physicians and the professional services provided in these departments are not covered by Presbyterian’s FAP:

- Anesthesiology
- Radiology

The following groups do accept Presbyterian’s FAP:

South Sound Inpatient Physicians, PLLC, dba Sound Physicians of New Mexico, provides services at Plains Regional Medical Center; Sound has agreed to accept the terms of Presbyterian’s FAP.

Laboratory Services and Pathology Services provided in Presbyterian facilities are also subject to the terms of the FAP.

***Individual physicians and other practitioners who are not employed by Presbyterian regularly provide surgical and medical care in our hospitals. Services provided by these individuals and groups, such as New Mexico Orthopedics, Pediatrix, and others are not covered by Presbyterian’s FAP. Payment arrangements for these services must be made directly with these individuals and group.*** The attached list identifies by name each physician who is authorized to provide care in this facility and indicates by a “yes” or “no” whether or not that physician accepts the terms of Presbyterian’s FAP. If you have any questions about whether a physician or other service provider accepts the terms of the FAP, please call (505) 923-6600.

SANTA FE MEDICAL CENTER  
 SANTA FE, NEW MEXICO  
 (Revised 01/01/2024)

The following list identifies providers who do and do not accept Presbyterian’s financial assistance policy (FAP). In general, services provided by nurses, physicians and others employed by Presbyterian are covered by Presbyterian’s FAP. These include physicians whose badges identify them as part of “Presbyterian Medical Group.” Certain services provided in Presbyterian facilities are not provided by Presbyterian employees, but by independent physicians, groups or other entities. In addition, the following departments are NOT staffed by Presbyterian Medical Group physicians and the professional services provided in these departments are not covered by Presbyterian’s FAP:

- Anesthesiology
- Radiology and Mammography
- Perinatal Care

The following groups do accept Presbyterian’s FAP:

Laboratory Services and Pathology Services provided in Presbyterian facilities are also subject to the terms of the FAP.

**Individual physicians and other practitioners who are not employed by Presbyterian regularly provide surgical and medical care in our hospitals. Services provided by these individuals and groups, such as Northern New Mexico Gastroenterology, the Nephrophiles, and others are not covered by Presbyterian’s FAP. Payment arrangements for these services must be made directly with these individuals and group.** The attached list identifies by name each physician who is authorized to provide care in this facility and indicates by a “yes” or “no” whether or not that physician accepts the terms of Presbyterian’s FAP. If you have any questions about whether a physician or other service provider accepts the terms of the FAP, please call (505) 923-6600.

SOCORRO GENERAL HOSPITAL  
SOCORRO, NEW MEXICO  
(Revised 01/01/2024)

The following list identifies providers who do and do not accept Presbyterian’s financial assistance policy (FAP). In general, services provided by nurses, physicians and others employed by Presbyterian are covered by Presbyterian’s FAP. These include physicians whose badges identify them as part of “Presbyterian Medical Group.” Certain services provided in Presbyterian facilities are not provided by Presbyterian employees, but by independent physicians, groups or other entities. In addition, the following departments are NOT staffed by Presbyterian Medical Group physicians and the professional services provided in these departments are not covered by Presbyterian’s FAP:

- Anesthesiology
- Radiology

The following groups do accept Presbyterian’s FAP:

Services provided by Diamond Healthcare are subject to the terms of the FAP. Laboratory Services and Pathology Services provided in Presbyterian facilities are subject to the terms of the FAP.

**Individual physicians and other practitioners who are not employed by Presbyterian regularly provide surgical and medical care in our hospitals. Services provided by these individuals and groups are not covered by Presbyterian’s FAP. Payment arrangements for these services must be made directly with these individuals and group.** The attached list identifies by name each physician who is authorized to provide care in this facility and indicates by a “yes” or “no” whether or not that physician accepts the terms of Presbyterian’s FAP. If you have any questions about whether a physician or other service provider accepts the terms of the FAP, please call (505) 923-6600.
