### Confidentiality Agreement

As a guest of the Presbyterian Healthcare Services (PHS) Institutional Review Board (IRB), I will have access to information provided by sponsors of clinical trials including, but not limited to, the clinical protocol (hereafter referred to as "Confidential Information"). In order not to jeopardize any rights a sponsor may have in the intellectual property represented in the Confidential Information, it is my duty to use all reasonable efforts to prevent the disclosure of Confidential Information provided by a sponsor to which I have access. Additionally, I will not disclose the content of any discussions that occur during IRB meetings. I may not disclose any Confidential Information to third parties other than those with a need to know and who have executed a confidentiality statement on terms similar to these. If I am required by law or court order to disclose Confidential Information I may do so only upon prior written notice to the Office of Compliance.

In my role as a guest of the PHS IRB, I agree to keep confidential all and not disclose any Confidential Information provided me in accordance with the terms set out above. All obligations of confidentiality and nondisclosure survive a minimum of 10 years following the last date of my IRB attendance.
