## Section 1 – Introduction

This directory provides a list of Presbyterian MediCare PPO network providers and pharmacies.

### Your Primary Care Provider:

#### What is a “PCP” and what does your PCP do for you?

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP.

Your PCP is a physician, nurse practitioner or other health professional that meets state requirements and is trained to give you primary medical care.

Your PCP can provide most of your care and will help you arrange and coordinate the rest of the covered services you get as a member of our plan. “Coordinating” your services includes checking or consulting with other network providers about your care and how it is going. Since your PCP should provide and coordinate your medical care, you should have all of your past medical records sent to your PCP’s office.

The “network providers” listed in this directory have agreed to provide you with your healthcare services. You may go to any of our network providers listed in this directory; however, some services may require a prior authorization. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. **With the exception of medical emergencies or urgent care, it may cost more to get care from out-of-network providers.**

### Emergency Care:

When you have a medical emergency, you believe that your health is in serious danger. A medical emergency can include severe pain, a bad injury, sudden illness or a medical condition that is quickly getting much worse.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When traveling outside of the United States, you have worldwide emergency coverage.

If you receive emergency care, it is important to notify us after so we can be involved in the coordination of your follow-up healthcare. Either let your PCP know or call our Presbyterian Customer Service Center (phone numbers are listed on the back cover of this booklet).

### Urgent Care:

Urgently-needed care is a non-emergency, **unforeseen** medical illness or condition that requires immediate medical care, but your health is not in serious danger. We will cover urgently-needed care that you get from a provider anywhere in the world.

### Out-of-network Providers:

Out-of-network/non-contracted providers are under no obligation to treat Presbyterian MediCare PPO members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your EOC for more information, including the cost-sharing that applies to out-of-network services.

## How to get care from out-of-network providers?

As a member of our plan, you can choose to receive care from out-of-network providers. Our plan will cover services from either in-network or out-of-network providers, as long as the services are covered benefits and are medically necessary. However, **if you use an out-of-network provider, your share of the costs for your covered services may be higher.** Here are other important things to know about using out-of-network providers:

- You can get your care from an out-of-network provider; however, that provider must participate in Medicare. We cannot pay a provider who has decided not to participate in Medicare. If you receive care from a provider that does not participate in Medicare, you will be responsible for the full cost of the services you receive. Check with your provider before receiving services to confirm that they have not opted out of Medicare.
- You don't need to get a referral or prior authorization when you get care from out-of-network providers. However, before getting services from out-of-network providers you may want to call our Presbyterian Customer Service Center to tell us you are going to use an out-of-network provider and to confirm that the services you are getting are covered and are medically necessary. This is important because if we later determine that the services are not covered or were not medically necessary, we may deny coverage and you will be responsible for the entire cost.
- If we say we will not cover your services, you have the right to appeal our decision not to cover your care. See your Presbyterian MediCare PPO 2024 EOC to learn how to file an appeal.
- It is best to ask an out-of-network provider to bill the plan first. But, if you have already paid for the covered services, we will reimburse you for our share of the cost for covered services. Or if an out-of-network provider sends you a bill that you think we should pay, you can send it to us for payment.
- If you are using an out-of-network provider for medically necessary emergency care, urgently-needed care or out-of-area dialysis, you may not have to pay a higher cost-sharing amount. Please refer to your Presbyterian MediCare PPO 2024 EOC Chapter 3, Section 3 or call our Presbyterian Customer Service Center for more information about these situations.

## What should you do if you have bills from out-of-network providers that you think we should pay for?

If you received a bill for services from an out-of-network provider, you should send the bill to us for payment or ask the out-of-network provider to bill us first. We may pay the out-of-network provider for our share of the bill and will let you know what, if anything, you must pay. If you already paid for the covered services, we may reimburse you for our share of the cost, as long as the services rendered meet Medicare and/or Presbyterian MediCare PPO coverage guidelines. Please submit the bill to the following address:

Presbyterian MediCare PPO  
P.O. Box 26267  
Albuquerque, NM 87125-6267

**You must submit your claim to us within one year** of the date you received the service, item or drug. Upon receipt, we will make an initial coverage determination on the claim. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Please refer to your Presbyterian MediCare PPO 2024 EOC or call our Presbyterian Customer Service Center for more information on initial coverage determinations.

## **Medicare Assignment:**

Some physicians, providers and suppliers that are out of a plan's network (i.e., out-of-network) accept assignment from Medicare and will only charge up to a Medicare-approved amount. If you choose to see an out-of-network physician who does not accept Medicare assignment, your coinsurance can be based on the Medicare-approved amount plus an additional amount up to a higher Medicare limiting charge.

See the publications "Medicare & You" or "Your Medicare Benefits" available on [www.medicare.gov](http://www.medicare.gov) for explanations of the rules related to assignment and limiting charges that apply by benefit type.

To find out if physicians and durable medical equipment (DME) suppliers accept assignment or participate in Medicare, visit [www.medicare.gov/physician](http://www.medicare.gov/physician) or [www.medicare.gov/supplier](http://www.medicare.gov/supplier). You can also call 1-800-MEDICARE (633-4227), 24 hours a day, seven days a week, or ask your physician, provider or supplier if they accept assignment.

## Unique Services

The University of New Mexico (UNM) Medical Group is an in-network provider, but there are some things you should know before you seek care:

- You need prior authorization (approval from Presbyterian) to see a UNM Medical Group provider. This includes any specialists and inpatient and outpatient services.
  - If you choose to seek treatment from a UNM Medical Group specialist, you will need prior authorization and a referral from a provider.
  - Some members are not able to choose a UNM Medical Group primary care provider. Call the Presbyterian Customer Service Center and they can help you find out if this is an option for you.
  - You do not need prior authorization or a referral to receive emergency care at a UNM facility.
- If your provider determines that you need care from a UNM provider, he/she will work with Presbyterian to help you get the approval you need.

## Pharmacy Introduction

This booklet provides a list of the Presbyterian MediCare PPO's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the EOC and Presbyterian MediCare PPO's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with these pharmacies to provide prescription drugs to plan members. In most cases, your prescriptions are covered under Presbyterian MediCare PPO only if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription. You can switch to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your EOC.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of June 28, 2024.

For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can receive prescription drugs shipped to your home through our network mail-order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

We also list pharmacies that are in our network but are outside the Presbyterian MediCare PPO service area. You may also fill your prescriptions at these pharmacies. For more information, please see the section in this pharmacy directory on network pharmacies outside the Presbyterian MediCare PPO service area or contact our Presbyterian Customer Service Center.

If you have questions about any of the above, please see the back cover of this directory for information on how to contact us.

- Cost more than traditional medications
- Have special storage and handling requirements
- Need to be taken on a very strict schedule

Most prescriptions will be mailed to your home.
