**Subject: Presbyterian Will Apply Medical Care Credits to All Appropriate Category of Eligibility Types**

Presbyterian Health Plan, Inc. and Presbyterian Insurance Company, Inc. (Presbyterian) are committed to keeping providers informed of any changes that may affect their practice. We would like to take this opportunity to provide an update on claims processing for medical care credits (MCCs).

Effective May 2018, Presbyterian will apply MCCs to inpatient hospice and skilled nursing/nursing facility claims regardless of the revenue code billed. Presbyterian will apply MCCs in the following circumstances:

- When a member has the appropriate category of eligibility (COE)
- When the member resides in the facility the first day of the month
- For crossover claims when the member has dual eligibility

**Note:** Presbyterian will retroactively apply MCCs to claims that are within the timely filing limits.

For members who transfer from one facility to another, the appropriate managed care organization (MCO) will apply the MCC to the nursing facility where the member was in residence on the first day of the month. When a member transfers from a nursing facility to an acute care hospital and back to the nursing facility, The MCO will apply the MCC to the subsequent nursing facility claim(s), if there is any amount remaining after the first claim billed that month. MCCs do not apply to acute facility services or inpatient rehabilitation centers.
