Subject: You're Invited to Participate in the "Got Shots?" Campaign for Children and Adolescents

Dear Provider and Clinical teams,

Presbyterian Health Plan, Inc. (Presbyterian) is committed to meeting the immunization needs of our youngest members and protecting the community from vaccine-preventable diseases.

Per the New Mexico Immunization Practices Advisory Council, children in New Mexico have been vaccinated as infants for almost 20 years. This year, to ensure our youngest Centennial Care and commercial members are up to date on all their immunizations, we would like to invite providers to participate in the New Mexico Immunization Coalition's (NMIC) "Got Shots?" campaign that's happening from **July 25 to Aug. 15, 2020**.

If your office or clinic has reopened and would like to participate in the "Got Shots?" campaign, then please fill out and submit the enclosed "Got Shots?" registration form to the following email address or fax number by **Monday, June 29**:

- **Email:** mjune@salud.unm.edu
- **Fax:** (505) 272-3764

Providers may also access the registration form online at
http://docs.phs.org/idc/groups/public/documents/communication/pel_00951177.pdf.

To help ensure a safe and successful "Got Shots?" event, please consider the following:

- Checking the Centers for Disease Control and Prevention (CDC) and the American Academy of Pediatrics (AAP) websites for their guidance on safe clinic practices during the pandemic and following that guidance.
- Holding your "Got Shots?" clinic on one or more of the days during July 25 to Aug. 15, preferably during the evening or weekend hours to accommodate working parents.
- Seeing any child who presents for immunizations **without an appointment**, regardless of whether they are a patient or have insurance.
- Billing insurance for the administration fee reimbursement and immunizing all children **at no cost or copay to the patient or member** during your event.
- Completing timely entry of all vaccines into the New Mexico Statewide Immunization Information System (NMSIIS).

The New Mexico Department of Health (NMDOH) will help advertise this event using radio advertisements. In addition, the NMIC has posters that providers can use to advertise and announce when they will host their "Got Shots?" clinic. Providers can access and download these posters in English and Spanish at the following links:

PPC062002

Presbyterian exists to improve the health of the patients, members, and communities we serve.
