Subject: Collaborating with PCPs to Ensure Members Receive COVID-19 Vaccine

Presbyterian Health Plan, Inc. and Presbyterian Insurance Company, Inc. (Presbyterian) are committed to giving providers information that may affect their practice and our patients and members. As such, we would like to share the press release that state health officials recently disseminated to strongly encourage primary care providers (PCPs) to enroll as COVID-19 vaccine providers and engage in vaccinating New Mexico residents.

Because PCPs serve as trusted sources to their patients, Presbyterian is providing the enclosed list(s) of unvaccinated Centennial Care members assigned to PCPs within your practice. Please distribute these lists as appropriate to the PCPs in your practice and collaborate in all efforts to ensure that your patients receive the COVID-19 vaccine.

For your convenience, we enclosed a copy of the press release from state health officials. Providers can also review this press release at the following link: www.hsd.state.nm.us/2021/05/05/state-recruits-primary-care-providers-to-join-covid-19-vaccine-distribution-effort/#.

As always, thank you for partnering with us to improve the health of the patients, members and communities we serve.

Provider Network Operations
